AI-POWERED · SPECIAL EDUCATION

Every IEP on time. Every service minute counted.

From referral to annual review on one record: AI reads transfer IEPs and drafts present levels, IDEA timelines are tracked for you, and every service session is logged against the plan.

Transfer IEP imported

AI read the PDF and pre-filled the new record:

✓ Goals ✓ Services ✓ Accommodations

Present levels drafted

AI drafted the PLAAFP from student data and uploaded evaluations, ready for the team to review.

THE IEP JOURNEY

Every stage, on one record

Nothing is retyped between stages. What's entered at referral carries through to the annual review.

1 2 3 4 5

Referral & evaluation

Referral intake with IDEA timeline tracking

Evaluations, assessments and classroom observations

SLD eligibility certification under §300.311

IEP authoring

AI PDF intake and IDEA-compliant authoring

AI-assisted present-levels drafting

State-aware goal bank with benchmarks and objectives

Meetings, notices & signatures

Scheduling with notices, excusals and interpreters

Prior Written Notice with delivery tracking

Parent, student and staff e-signature

Services & progress

Service schedules, related services and session logs

Progress monitoring and parent progress reports

FBA, BIP and secondary transition planning

Review & reevaluation

Annual review and reevaluation deadlines tracked

Real-time, section-locked amendments

Versioned plans with a full audit history

WHAT MAKES IT DIFFERENT **One system, not a stack of add-ons.** Referral to transition, on one record.

AI IEP import
An existing IEP becomes a working record in minutes.

Present levels, drafted
AI-assisted PLAAFP; progress reports from session data.

Paperless, if you want it
E-signatures and a family portal. Paper still welcome.

Every family's language
Notices and family content in their preferred language.

Enter it once
One session log feeds service minutes, progress reports and compliance.

Mobile and voice
Providers log sessions from the app or dictate by voice.

Live compliance
Live dashboards and scheduled-vs-delivered sessions.

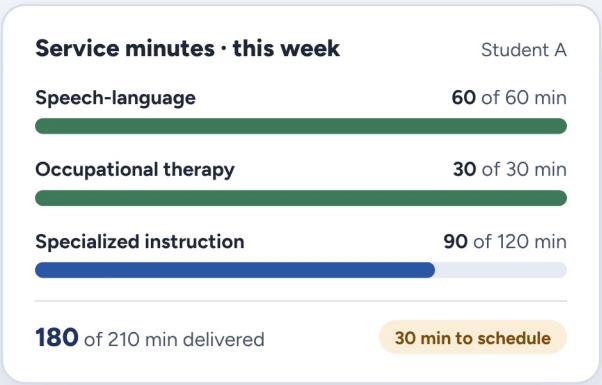

Built to collaborate
State-aware goal bank; real-time, section-locked amendments.

SERVICES & PROGRESS

Every minute scheduled, delivered and on record

The services in the IEP become a schedule. Providers log each session, and the gap between planned and delivered minutes is visible before it becomes a compliance finding.

- Service schedules for special education and related services
- Sessions logged from the mobile app or dictated by voice
- Scheduled-vs-delivered minutes on live dashboards
- Progress monitoring that feeds parent progress reports

MOVING TO IMPACT SUITE

We help you transition.

Your IEPs and data come with you
Historical IEP import with document extraction and human review, plus mapped import for goals, services, accommodations and service logs.

Rosters stay in sync
Roster and academic data sync from your SIS.

Practice before go-live
A training sandbox with realistic practice data, and an onboarding checklist in the product.

AUDIT & COMPLIANCE

Ready when the auditor calls

SPED audit-ready documentation and a state indicator dashboard for LRE, Child Find and Secondary Transition

Prior Written Notice and procedural safeguards, with delivery tracking

Age-of-majority notices and manifestation determination, delivered at go-live

Versioned documents with a full audit history and deadline reminders

OPTIONAL UPGRADE

Bill Medicaid? Add Medicaid & RMTS.

The sessions your providers already log become claims, with the documentation behind each one.

- Direct-service documentation
- Parental consent & annual notice
- Random Moment Time Study
- Administrative claiming
- Cost settlement
- Revenue & denial reporting

> "My teachers love the idea that they can just teach, instead of spending all their time on paperwork."
>
> Education Director, South Dakota

See the whole IEP journey, live.

We'll walk your special education team through it in the product. Available through SHI.
